

## **PAXITE**

A very rare copper arsenide, known from only two other localities worldwide. Northern Peninsula.

**Keweenaw County:** Mohawk mine: Found intimately intergrown with koutekite (q.v.) in a single specimen of ankerite. Identification based on electron microprobe data (S. A. Williams, written communication, 1986).

**FROM:** Robinson, G.W., 2004 *Mineralogy of Michigan* by E.W. Heinrich updated and revised: published by A.E. Seaman Mineral Museum, Houghton, MI, 252p.
